Re: The James Zadroga 9/11 Health and Compensation Act

The World Trade Center Rescuers Foundation fully supports the James Zadroga 9/11 Health and Compensation Act. This act will help the many victims of the September 11<sup>th</sup> attack on our Country, by providing for long-term medical monitoring, treatment, compensation, research and coordination. We fully support your ongoing efforts to help the Rescuers and victims of the World Trade Center attack.

## **Our Mission**

World Trade Center Rescuers Foundation is a not for profit organization started by 9/11 Rescue workers to create a centralized resource center for the diverse populations affected by the toxic air around Ground Zero. Our mission is to connect rescue workers with the resources and information they need to better deal with the complicated health and financial and personal issues facing them and their families.

Thank you
