CONGRESSMAN JOHN BOEHNER

Republican Leader
United States House of Representatives

Dear Fellow Republican,

You are one of a carefully selected group of Republican leaders nationwide receiving the enclosed CENSUS DOCUMENT containing your **2010 Census of America's Republican Leadership.**

My GOP colleagues in the United States House of Representatives have asked me, as House Republican Leader, to enlist the nation's most knowledgeable Republican activists in uniting our Party around a principled conservative agenda.

That is the key to **electing a new Republican Majority** in Congress, ending Nancy Pelosi's reign as Speaker and stopping the Obama Administration's radical leftist agenda . . .

. . . before they do irreversible damage.

That's why I want to hear from you – *your SURVEY DOCUMENT was prepared especially for you as a representative of all Republicans in your area:*

REGISTRATION #: [redacted]

Based on your response, the National Republican Congressional Committee will learn how best to enlist 10 million Republican activists nationwide.

So even if you are uncertain about one or two questions, ***please return your completed***

SURVEY DOCUMENT within seven days to ensure we have ample and accurate results.

Do you agree that Republicans must be the Party that curbs spending and lowers taxes? CENSUS Q.4 & Q.7

Should we stand united against the federal bailouts and takeovers of private companies? CENSUS Q.5

Should the Republican Party offer America a different choice by standing for limited government, the rule of law and free enterprise versus the job-killing, investor-punishing agenda being pushed by the Democrats? CENSUS Q.2

What about foreign policy and national defense – areas where Republicans have long held the voters' trust?

Do you agree that Speaker Pelosi damaged our counter-terrorism efforts when she accused the CIA of lying without providing any evidence? CENSUS Q.10

Should we do all we can to stop the planned relocation of suspected terrorists from Guantanamo Bay prison to America? CENSUS Q.12

From one Republican Leader to another, I'm asking you where you stand.

The last time Democrats controlled the White House and Congress was in 1994 – we staged a massive GOP comeback that year by campaigning on a "Contract With America" that had broad public support on issues people cared about in all House Districts across the nation.

I am working with the National Republican Congressional Committee (NRCC) to win another historic victory, but I need you to do your part.

Without your answers to this **Census of America's Republican Leadership**, our survey will be incomplete – and will hinder our ability to unite our Party around a clear, strong agenda that resonates with voters.

So please complete your SURVEY DOCUMENT and return it to me at the NRCC's headquarters in Washington using the postage-paid envelope I've provided.

(And when you do, please include your most generous contribution of at least $35, or if you can afford it, $40, $100, $250, $500 or even $1,000 to expand this NATIONAL CENSUS.)

(Next page, please . . .)

The more dedicated Republican leaders across America who add their voices, the more united and mobilized we will be around a principled agenda that wins support from New England to California.

That's the key to picking up the 40 seats we need to win a new Republican House Majority.

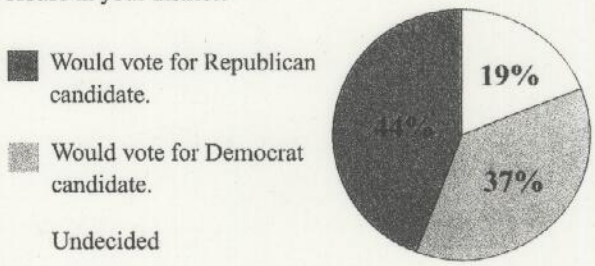
And those 40 seats are now within reach – a recent poll showed that by a 7-point margin, voters prefer a Republican candidate over a Democrat candidate in a generic congressional matchup.

And who could blame them?

The Obama Administration has doubled the national debt, seized banks and car companies, given your tax dollars to abortionists and radical left-wing "community organizers" like A.C.O.R.N. and forced all federal contractors to be unionized – all in just one year.

Rasmussen Reports Generic Congressional Ballot Poll

If the election for U.S. House of Representatives were being held today, would you vote for the Republican Party's candidate or the Democratic Party's candidate for the House in your district?



Sadly, when compared to Nancy Pelosi and her Democrat puppets in the House, President Obama might be the moderate!

Consider House Democrats' "leadership" so far:

✗ Ultra-liberal Congressman Barney Frank proposed *cutting the Pentagon Budget by 25%*;

✗ Florida Congressman Alan Grayson has sponsored legislation empowering the federal government to regulate pay scales and vacation days for employees of *private companies*;

✗ Chicago Congressman Bobby Rush is pushing a bill to create a national database of all firearms and firearm owners *registered by serial number with the federal government*.

✗ Between "pay-to-play" scandals involving Congressmen Peter Visclosky, John Murtha and others, *the Democrats' dirty laundry is piling so high even the mainstream media can't ignore it.*

(Over, please . . .)

Their ideas range from bad to disgraceful, and collectively their leadership represents a left-wing lurch towards socialism and "Big Brother" federal control over nearly every facet of American life.

That's why YOUR answers to the enclosed **Census of America's Republican Leadership** are so important. Your answers will provide the guidance we need to build a new Republican Majority that will STOP the radical leftist agenda being pushed by the Democrats.

You are one of the first Americans to receive your CENSUS DOCUMENT – it's a crucial first step towards removing Nancy Pelosi as Speaker of the House, so please:

1. Complete your CENSUS DOCUMENT #99956-2010-60 and return it to me within seven days (or complete your SURVEY online at www.nrcc.org/2010CENSUS) to include your voice in this nationwide effort to unite around a new conservative agenda, and;

2. Include your most generous gift of $35, $40, $100, $250, $500 or even $1,000 to the NRCC so we can expand this 2010 CENSUS PROJECT to an additional 10,000,000 Republican voters nationwide.

I anxiously await your reply.

Sincerely,

John A. Boehner

Congressman John Boehner
House Republican Leader

P.S. As you know, we lost a good man when former Congressman Jack Kemp passed on. One of his best quotes is, "the only way to oppose a bad idea is to replace it with a good idea." Jack Kemp's idea helped start the Reagan Revolution – he was an early champion of supply-side economics in the House of Representatives.

We need to replace the bad ideas coming from the Democrats, and that's why I'm asking you to complete your **2010 Census of America's Republican Leadership** and send it back to me along with your gift of $35, $40, $100, $250, $500 or $1,000 to the NRCC within seven days. Thank you for doing your part.
